

## Lapage Primary School & Nursery - Primary PE & Sport Premium - 2015 to 2016

Lapage received £10,730 funding to support the development of Physical Education, school Sport and Children's Health in the academic year September 2015 to July 2016.

It is a government expectation that we will use funding to make additional and sustainable improvements to the quality of PE and sport at our school. This means that we should use the premium to develop or add to the PE and sports activities that we already offer and make improvements that will benefit pupils that will join the school in future years.

Further information about the grant can be accessed at the website address below.
