## Policy

We believe that a wide range of activities, including educational visits, residential experiences and clubs, make a valuable contribution towards all aspects of a pupils' education. For this reason school will continue to subsidise educational visits but this is a limited resource.

Therefore:

- We will reserve the right to make a charge for residential activities, educational visits and trips, which may from time to time be organised by the school and held during school hours.
- We will ensure that any remission arrangements for such activities will be at the discretion of the Head and Governing Body and take account of the personal circumstances that families face to make these accessible to individuals and cohorts.
