Record your ideas in Purple Mash or Homework Books.</p>	<p>Take a picture of your work and email it to your teachers on Purple Mash or Tweet it to the Lapageprimary.</p>

Sometimes you will be asked to do some work around topics we have already learnt. Below is a reminder of what you have already learnt.

What we learnt so far in Year 6:	
History	This year we have been learning about Ancient Greece and its influence of life today.
Geography	In Geography we have been using our map skills to locate ideas and features we have encountered in our work such as compass directions, scaling in maps, mapping skill.
Science	In Science we have been learning about Light.
RE	In R.E children have been discussing the big question: why are certain places and people sacred?
Maths	In maths we have finished the curriculum and have been focusing on our gaps in learning.
English	In English we have been looking at a range of poetry and poetic features. We have used these to create our own poems about mythical creatures.
