Monday
Pottery
Painting

Get creative and decorate a pottery item with our bright and colourful paints and pens in this crafty session. Once you've decorated your pottery, enjoy your lunch together whilst we wait for the pottery to be dried, ready to be taken home, (collection on later dates is also available).

Enjoy the beauty of the beach from the comfort of your own home! Sand isn't just for making castles don't you know; bring a coastal creation to life as you sprinkle on colourful grains and watch your holiday design take shape!

Tuesday
Sand Art

Wednesday
Hama Beads

A Primetime favourite which promotes creative skills for all ages, creating long lasting masterpieces. From Animals to Characters, the options are limitless, carefully adding beads to our template boards. Ironed to fuse on site, whilst you wait.

Children can create their very own slime in this fun, interactive session. With their kits, we will show them how to make slime, which the kids can then decorate with glitter, ocean features and small fish. Their beautiful pot of goo is then ready to go home with them!
